ABOUT ME

My name is Dinh Luan. I am a fourth-year student at Sai Gon University. My major is Software Engineering. I possess positive energy and eagerness to learn. I am committed to constantly give my best effort to my work and be eager to learn new things in the most sincerely ways.

EDUCATION

[09/2020 - 03/2025]
Software Engineering - Sai Gon University

ACHIEVEMENTS

- 🏆 Team for District-level Informatics
- 🏆 Won the school's semester scholarship for the years 2021-2022

WORK EXPERIENCE

[09/2022 - 06/2023] **Teacher of MindX Technology School**
As a teacher at MindX School, I instructed students from elementary to high school in game programming. I designed engaging lesson plans and encouraged creative development of real-life game projects. Prioritizing student progress and fostering a positive learning environment were my key responsibilities.
